

Airport to Hotel/CiNet

From Kansai International Airport (KIX)

<Please read from a) if you arrive at Osaka Airport>

The **Osaka Airport Limousine Bus** (空港リムジンバス(大阪空港交通／関西空港交通)) is our recommendation. **First, get on** an Airport Limousine Bus **bound for Osaka Airport/Hotarugaike Station** (大阪空港・蛍池駅行き) and **get off at Osaka Airport**. The ride from KIX to Osaka Airport will take about 75 minutes.

The Limousine Bus bound for Osaka Airport/Hotarugaike Station leaves from **bus stop No. 8**, located on the outside of 1F of Terminal 1. Bus tickets can be purchased at the ticket vending machines or at Information Counter B (B 案内カウンター) inside Terminal 1. The cost is **1,950 yen** and if you're planning to return to KIX within 14 days, you can purchase a discounted roundtrip bus ticket for 3,500.

#### a) From Osaka Airport to CiNet

After getting off at Osaka Airport, you'll need to **get on an Osaka Monorail** train. The Limousine Bus lets you off in front of Osaka Monorail's Station (大阪空港駅) and so simply follow the signs to the monorail ticket vending machines and **buy a 430 yen**. The final destination is Handai-byoin-mae Station (阪大病院前駅), and in order to reach here you'll **need to change monorail trains** once.

First, from Osaka Airport Station follow the signs and displays to **get on a train bound for Kadoma-shi** (門真市行き). After about 17 minutes, the 6th stop, get off at Bampaku-kinen-koen Station (万博記念公園駅). You are only transferring monorail lines here so there's no need to exit this station. Follow the signs and displays and **get on a train bound for Saito-nishi** (彩都西行き). After about 5 minutes, the 2nd stop, you'll arrive at your **last stop, Handai-byoin-mae Station**. Please **get off** here.

Handai-byoin-mae Station has only one exit. **Exit this ticket gate and turn left**, the Osaka University Hospital Exit (大阪大学医学部付属病院側出口). You'll see Osaka University Hospital in front of you. Proceed forward and **turn left at the road**. Keeping in this direction, walk down this road. You'll see a guard station and the road will slope downwards as you proceed. At the end of the slope the building you'll be facing is the **Graduate School of Frontier Biosciences, Nanobiology Building** (大阪大学生命機能研究科ナノバイオロジー棟). **CiNet is located behind this building** so walk around it to find us. There are both front and back entrances to CiNet and you may enter from either.

1. Exit the ticket gate and take the station exit to the left.

- 2. You'll see Osaka University Hospital from this exit. Turn left.

- 

3. Pass the guard station and descend the slope.

-

- 4. You'll see the Graduate School of Frontier Biosciences, Nanobiology Building. Go around it.

- 5. CiNet's rear entrance
