

OIST Mini Symposium

**Ecological and Socio-economic Impacts of Marine and
Terrestrial Conservation Policy**

DATE: Monday, March 21, 2016 – Wednesday, March 23, 2016

LOCATION: OIST Main Campus, Seminar Room C210

Main Organizer: [Payal Shah](#)

Co-organizer: [Satoshi Mitarai](#)

Symposium Program

Day 1 (March 21)

9:00-9:30	Opening Remarks <i>(Jonathan Dorfan, Okinawa Institute of Science and Technology Graduate University, Japan)</i>
9:30-10:30	Conservation decision making in social-ecological systems <i>(Kerrie Wilson, The University of Queensland, Australia)</i>
10:30-10:45	Coffee Break
10:45-11:45	What is impact? <i>(Eric Meijaard, Borneo Futures and University of Queensland)</i>
Noon-1:30	Lunch (Speakers/Organizers Only)
1:30-2:30	Goldilocks and the raster grid: Scale and the evaluation of forest conservation <i>(Kathy Baylis, University of Illinois at Urbana-Champaign, USA)</i>
2:30-3:30	Future emissions from tropical deforestation under carbon prices or restrictive policies <i>(Jonah Busch, Center for Global Development, USA)</i>
3:30-3:45	Coffee Break
3:45-4:45	Using portfolio theory to manage climate-change risk in conservation and environmental management <i>(Amy Ando, University of Illinois at Urbana-Champaign, USA)</i>
4:45-5:30	Campus Tour/Group Photo
6:00-	Dinner (Speakers/Organizers Only)

Day 2 (March 22)

- 9:30-10:30 Beyond the MPA (Marine Protected Area) MEAT (Management Effectiveness Assessment Tool): The NEAT (Network Effectiveness Assessment Tool) and SEAT (Socio-Economic Assessment Tool)
(Porfirio Aliño, University of the Philippines, Philippines)
- 10:30-10:45 Coffee Break
- 10:45-11:45 Property rights as a platform for marine conservation
(Christopher Costello, University of California, Santa Barbara, USA)
- Noon-1:30 Lunch (Speakers/Organizers Only)
- 1:30-2:30 Designing for multiple objectives in the development of marine protected areas
(Steven Gaines, University of California, Santa Barbara, USA)
- 2:30-3:30 When mismatches don't matter: the effects of divergent ecological and economic scales in coastal fisheries.
(Michael Bode, University of Melbourne, Australia)
- 3:30-3:45 Coffee Break
- 3:45-4:45 More than no-take marine reserves: planning for diversity of small-scale fisheries management strategies
(Rebecca Weeks, James Cook University, Australia)
- 4:45-5:45 Marine protected areas and "Satoumi" in Okinawa, Japan
(Shinichiro Kakuma, Okinawa Deep Seawater Research Center, Japan)
- 6:00- Dinner (Speakers/Organizers Only)

Day 3 (March 23)

9:30-10:30	Scaling-up marine conservation <i>(Morena Mills, The University of Queensland, Australia)</i>
10:30-10:45	Coffee Break
10:45-11:45	Evaluating heterogeneous effects of forest conservation and forest leakage in Indonesia <i>(Payal Shah, Okinawa Institute of Science and Technology Graduate University, Japan)</i>
11:45-Noon	Closing Remarks
Noon-1:00	Optional Excursion- Churaumi Aquarium (Speakers/Organizers Only) (Lunch will be provided on the bus)
6:00-	Dinner (Speakers/Organizers Only)
