

ANDOR ACADEMY OKINAWA AT OIST

19th May 2016

**Frontiers in fast, low-light imaging,
microscopy and data visualization**

Seminar Room B503, Lab 1, OIST

Technical Presentations (9:00 – 11:15)

**EMCCD, sCMOS, confocal, active
illumination and data visualisation**

Keynote Lectures (13:30 - 17:00)

**Prof. Ichiro Maruyama
Dr. Akihiro Funamizu
Prof. Tetsuro Sakai
Prof. Roger Hutton**

- **Low-light imaging fundamentals, limitations & applications**
 - TIRF, voltage sensitive live cell imaging,
 - Neuroimaging, single molecule detection

**Please register for this event by emailing
marketingjp@andor.com**

Participation in Andor Academy is free of charge

ANDOR
an **Oxford Instruments** company
