

A Recipe for Scientific Synergy -Series 4-

Advancing biotechnology through multidisciplinary approaches

2023 Mon. **May 29th**

9:15–18:05

Icho Kaikan, Suita Campus, | Zoom for
Osaka University | OISTers

Hankyu Railways-Sanwa Bank Hall, 3F Icho Kaikan, Graduate School of Medicine, Osaka University
2-2 Yamadaoka, Suita, Osaka, 565-0871, Japan

Scientific Organizing Committee

Franz Meitinger -Chair,
Katsumasa Fujita, Katsuhiko Hayashi,
Manabu Fujimoto, Nick Luscombe

Invited Speakers

Osaka University

Katsumasa Fujita
Professor, Department of Applied Physics

Katsuhiko Hayashi
Professor, Department of Genome Biology

Takeharu Nagai
Professor, Department of Biomolecular Science and Engineering,
The Institute of Scientific and Industrial Research, (Sanken)

Yukinori Okada
Professor, Department of Statistical Genetics

OIST

Franz Meitinger
Assistant Professor, Cell Proliferation and Gene Editing Unit

Izumi Fukunaga
Associate Professor, Sensory and Behavioural Neuroscience Unit

Paola Laurino
Associate Professor, Protein Engineering and Evolution Unit

Tadashi Yamamoto
Professor, Cell Signal Unit

Contributing Speakers

Osaka University

Daisuke Yoshioka
Masatoshi Haga
Yuriko Yamazaki

OIST

Dan Kozome
Lea Picard
Midori Ota
