

GREENER MOBILITY IDEATHON

Are you passionate about transforming urban transportation into a more sustainable and efficient system? Join us for the **Greener Mobility Ideathon**, a hands-on event focused on developing actionable solutions that promote greener, more efficient urban mobility.

Building on the momentum from the previous Sustainable Transport Hackathon, this Ideathon invites participants to collaborate with experts. Together, we will tackle real-world challenges, brainstorm impactful solutions, and design plans to drive lasting behavior change.

Thu., 5 December 2024

9:30 – 17:30 OIST Seminar Room L4E48
