

OIST×WPI-AIMEC (Tohoku U & JAMSTEC) Joint Workshop

Changing Marine Ecosystems: Biogeography of Habitat Shifts and Adaptation to Oceanographic Variability

2025
Nov. 20–21
OIST L4E48

Okinawa Institute of Science and Technology

Registration required
Deadline: Nov. 12, 2025

More info

Session topics

Session 1: Marine coastal systems and ecosystems

Session 2: Monitoring the ocean environment across scales

Session 3: Satellite, imaging, oceanography

Session 4: Implementation and collaboration framework

Organization committee

- OIST -

Filip Husnik (Evolution, Cell Biology, and Symbiosis Unit)

Timothy Ravasi (Marine Climate Change Unit)

Lauren Sallan (Macroevolution Unit)

Oleg Sitsel (Marine Structural Biology Unit)

- WPI-AIMEC (Tohoku U and JAMSTEC) -

Cheryl Lewis Ames (Marine Biology Integrative Research Unit)

Kota Ishikawa (Ecological Complexity Research Unit)

Jamie M. Kass (Ecological Complexity Research Unit)

Yuriko Nagano (Marine Microbial Ecology Research Unit)
