

TOMY x Nacalai Tesque Joint Exhibition

Venue @Center,B503 **2026**

(Tue) **9/8** 1:00 PM - 4:00 PM

(Wed) **9/9** 10:00 AM - 2:30 PM

Participating Companies

01 Waters™

Waters is a global brand providing total solutions for separation analysis. We would be delighted if you could take a moment to visit the waters exhibition booth.

02 **TECAN.**

TECAN's multi mode plate reader features optical systems and functions optimized for cell- and microbiology-based applications. In addition to delivering high-precision measurements, it provides valuable data to support and inform subsequent experiments. Tecan's Duo enables both picoliter-scale reagent dispensing and single-to multi-cell dispensing in one system.

03

From any sample to single-cell insight.
Cells or nuclei, gently prepared.
gentleMACS x MACS Technology
Consistent results for every workflow.

04 **eurofins**

New: Omics Analysis Services Are Now Available

Genomics

- Oligo DNA synthesis
- Sanger sequencing services
- Gene synthesis
- Other Services : Next generation Sequencing

05 **TOKYO CHEMICAL INDUSTRY**

- We have various brochures available.
- Reagents for drug discovery and life science research
- Reagents for synthesis and materials science

06 **MediRidge Co.,Ltd.**

NEW

MediRidge is CDRMO services providing

company.(R&D) Plasmid, Virus, Protein and Antibody Production, etc. (GMP) Cell Bank, Plasmid, Virus, Protein and Antibody.(GLP) Cell Bank Characterization, Biosafety Test etc.

07 **nacalai tesque** The quality for certainty.

- Cell culture products (plates, PVA microcarriers etc,)
- Cell Culture-Related Products, Antibody Production, Animal Testing Service.
