#### **TEDAKO GREEN TIPS**

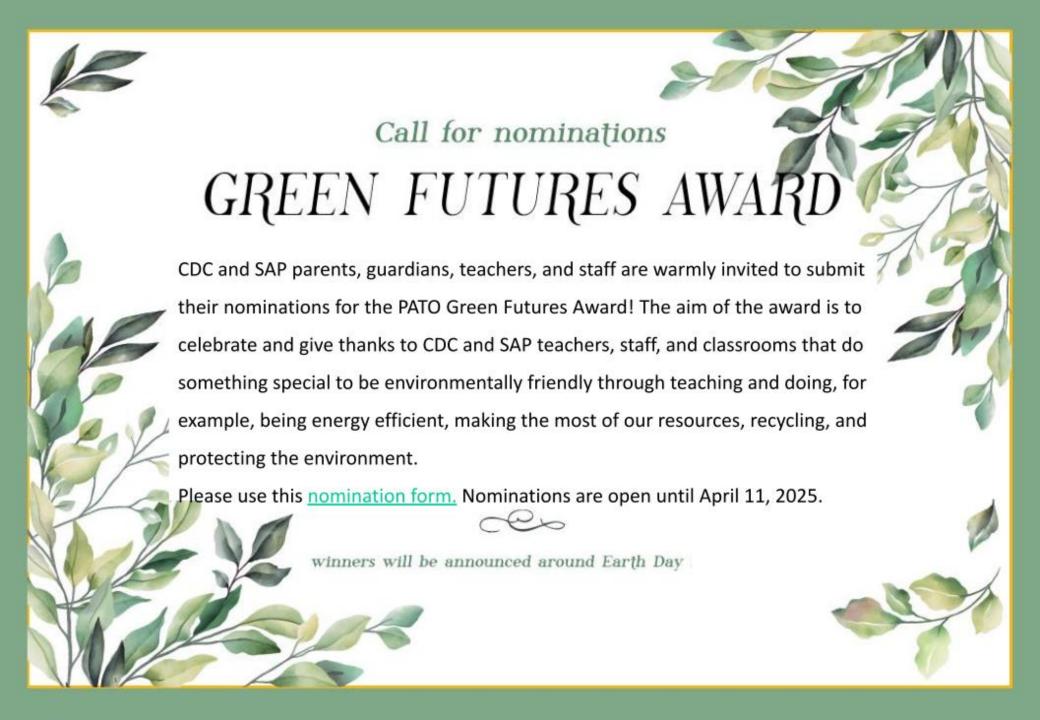

CDC and parent volunteers are bringing you tips on sustainability in the newsletter this year! Topics focus on tips for families and applauding efforts at Tedako. If you have a tip to share, please get in touch on oistpato.slack.com.

#### Use the Ecosia web browser

The tip this month could not be easier to adopt! Use the Ecosia browser and search engine to help plant trees while you search the internet. Ecosia servers run on solar power and the B-corporation uses the revenue from advertising sales to plant native trees all over the world. Ecosia works as an extension on desktop browsers and as a browser app on mobile devices.
