

July 30th, 2020

As of July 31st, we are still planning to hold the 9th annual SCORE! event at OIST but with strict adherence to the latest social distancing and other health and safety guidelines as issued by the Okinawa Prefectural Government to avoid the spread of COVID-19. [Guideline issued by the OPG \(Japanese only\)](#)

In the event that we must move SCORE! online:

- Each team will participate remotely
- Families and friends can view a live stream of the presentations via OIST's youtube channel.
- There will be no poster presentations.
- Each team will rehearse their presentation with the SCORE! Team in advance in order to identify any technical issues ahead of time (internet connection, software etc.)

More details will be shared when we send applicants the results of the initial screening round. We look forward to receiving your application!
