OIST School Subsidy Program

Payments and Reapplication

Payment ‘blocks’ explained

- Payments will be made 3 times within an academic year. To receive each of these, your child has to have been enrolled in the OIST recognized International School from the start of these 3 months - September, January and May.
- Blocks:
 - **September** – September, October, November, December
 - **January** – January, February, March, April
 - **May** – May, June, July, August
- If your child starts in the International school during one of these ‘blocks’ and not at the start, you will only be eligible for payments from the next ‘block’ onwards. E.g. Your child starts in March – Then payments would start from the May ‘block’ onwards.

For children attending schools using a September-August calendar
