How to use the Epson Ceiling Mounted Projector
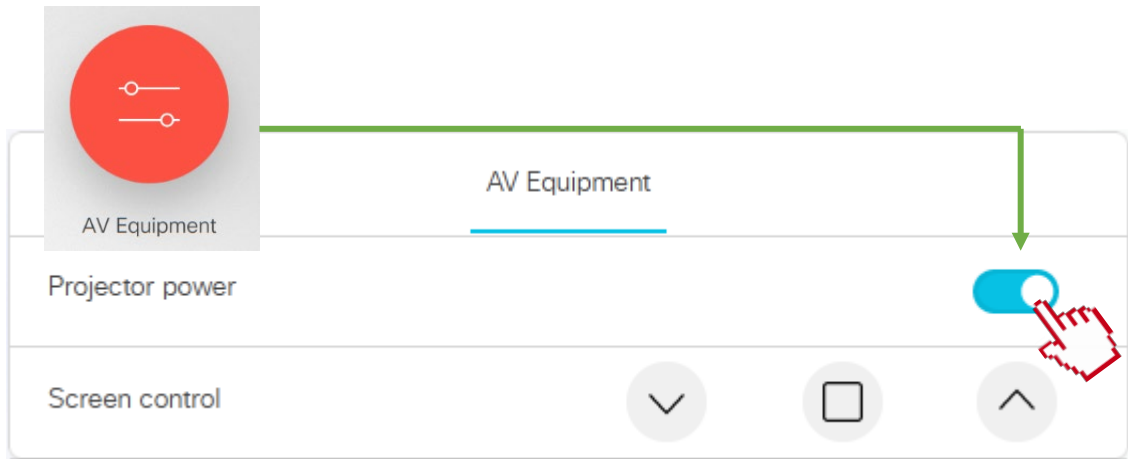

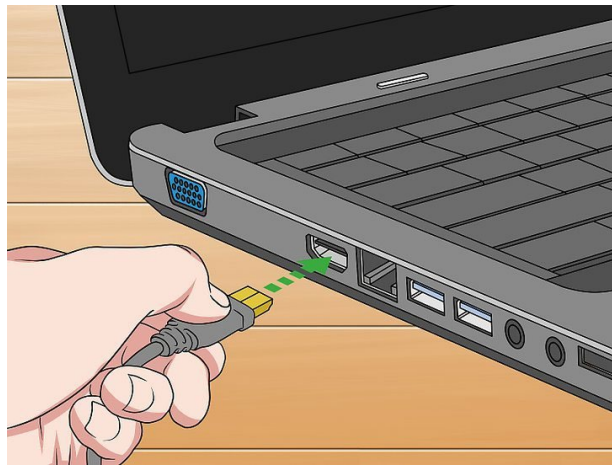

1 Tap the **AV Equipment** button on the Cisco touch panel. Toggle **Projector power** to ON.

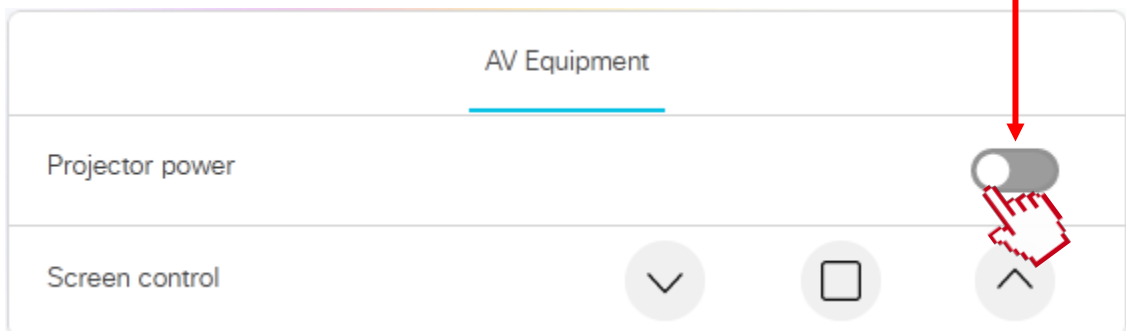

2 Connect your PC to the HDMI cable at the podium using the USB-C adapter if necessary.

Note: Cisco Proximity is also available for wireless screen sharing.

⚠️ **PLEASE TURN OFF SYSTEM AFTER USE**

For detailed instructions of this system please refer to the manual located at the control desk.
Contact AV Services at av@oist.jp or 21534, to request assistance or report a fault.
