3. Internal Funding - identify the source of any OIST funding

4. External Funding - identify industry sponsors, private funding, etc.

5. Japanese Governmental Funding - identify Japanese governmental sponsors, or indicate none

Contract or Grant Number as appropriate

6. Fellowship Funding for Postdocs - e.g. Naitoh, Uehara

7. Where any materials, such as, plasmids, cell lines, devices, used in inventing the invention received from a 3rd party?

Specify provider of materials and whether a Materials Transfer Agreement (MTA) was executed

No

Yes

8. Publication/Seminar Schedule

Date mm/dd/yyyy

9. Principal Investigator(s) - Identify the PI of the laboratory

10. Inventor Signatures (1-4)

Printed Name	Signature	Date
Printed Name	Signature	Date
Printed Name	Signature	Date
Printed Name	Signature	Date

Completing the Sections below will help the Patent Attorney to Understand the Invention

General Purpose of Invention

Prior-art and its Problems

List of Patents and Publicly Known Literature

Configuration, Functions and Effects of the Invention

Keywords

Commercialization Leads
