

OIST

OKINAWA INSTITUTE OF SCIENCE AND TECHNOLOGY GRADUATE UNIVERSITY
沖縄科学技術大学院大学

Tedako Child Development Center

Media Release Agreement

Child`s Name: _____

At OIST, photographs of children at Tedako will be used for the university's publicity purposes. This can include a photo of children appearing on an OIST Web article reporting about a Tedako event, OIST's Facebook page, Tedako brochures, and other kinds of media. Sometimes, journalists who are interested in OIST's effort to provide a child development center like Tedako for OIST parents may take pictures of the facility and the kids for their own reporting purposes. Additionally, the CDC takes pictures of the children through the day to share with parents, and for a special events, activities or lessons. These pictures may include nudity for children at Tedako Preschool. In order to avoid the time consuming process of getting in touch with each parent to sign a release form every time such needs happen, OIST's Tedako asks parents if they can sign the media release form in advance.

For OIST/CDC external and internal media communications and distributions (TIDA, websites, blogs, magazines, newspapers, OIST Internal website, Brochures, Posters, etc) I (do/ do not) grant OIST the right to use and publish my child's first name, likeness, portrait, recorded voice, general background and written or narrative material for educational purposes, and media communications. Name, assessments and test scores will not identify the student in any way.

Comments: _____

Signature: _____ Date: _____

At Public Events, I understand that if my child participates, his or her portrait may be taken for media communication purposes and social networking purposes without permission. This includes off campus events (field trips) and on campus events (Sports Day, Art Exhibition, and Concerts) at OIST.
