OIST International Classroom Media Release Agreement

Child`s Name: _____

At OIST, photographs of children in the International Classroom will be used for the university's publicity purposes. This can include a photo of children appearing on an OIST Web article reporting about an International Classroom event, OIST's Facebook page, brochures, and other kinds of media. Sometimes, journalists who are interested in OIST's effort to provide childcare services like the International Classroom for OIST parents may take pictures of the facility and the kids for their own reporting purposes. Additionally, the International Classroom takes pictures of the children throughout the day to share with parents, and for special events, activities or lessons. In order to avoid the time-consuming process of getting in touch with each parent to sign a release form every time such needs occur, OIST's International Classroom asks parents if they can sign the media release form in advance.

For OIST/International Classroom media communications and distributions (TIDA, websites, blogs, magazines, newspapers, etc)

I **(do / do not)** grant OIST the right to use and publish my child`s first name, likeness, portrait, recorded voice, general background and written or narrative material for educational purposes, and media communications. Name, assessments and test scores will not identify the child in any way.
